Professional Summary

Motivated Computer Science graduate and immediate joiner seeking a Junior Analyst role. Strong in analytical thinking, problem-solving, and communication, with hands-on experience in SQL, MySQL, and data-driven application development. Skilled in time management, presentation, and collaborative work, with leadership and strategic thinking shown through multiple end-to-end projects. Quick learner committed to continuously upgrading technical skills and taking ownership of tasks.

Experience

Java Full Stack Trainee | Codegnan IT Solutions| Jun 2026 – Nov 2026 | Codegnan

- Undergoing hands-on training in Java Full Stack Development, focusing on Core Java, Advanced Java, Spring Boot, and Hibernate.
- Gaining practical experience in HTML, CSS, JavaScript, React/Angular, MySQL, and real-world project development.

Java Intern | EVONSYS INDIA Pvt. Ltd. | Jan 2026 – May 2026

- Completed an internship focused on Core Java, Spring Boot, MySQL, and Pega, gaining hands-on exposure to backend development and enterprise application fundamentals.
- Applied OOP, Collections Framework, exception handling, and JDBC through coding exercises and database operations, with exposure to SDLC, debugging, clean coding practices, and Git/GitHub.

Education

Swarnandhra College of Engineering and Technology (SCET) **West Godavari**

Bachelor of Technology in Computer Science and Technology **| CGPA: 8.25 | 2022 - 2026**

Technical Skills

Programming Languages: Java, SQL, JavaScript

Data and Analysis: SQL, MySQL, SQLite, Microsoft Excel, DBMS

Frontend Technologies: HTML5, CSS3, Bootstrap, React.js, TypeScript, Next.js and Tailwind CSS

Backend Technologies: JDBC, Servlets, JSP, Hibernate, Spring, Spring Boot, Spring AI, REST APIs

Core Concepts: OOPS, Collections Framework, Exception Handling, Multithreading, DSA, DBMS, RDBMS.

Tools and Technologies: Git, GitHub, GitHub Actions, Maven, Postman, Eclipse, VS Code, Excel, SDLC, Debugging, Generative AI, Prompt Engineering, RAG

Soft Skills: Analytical Thinking, Problem-Solving, Communication, Leadership, Time Management, Presentation.

Projects

1.Interview Pocket - Interview Preparation Platform *(In Progress)* | Java, Spring Boot, React, SQLite | GitHub

- Developing a full-stack interview preparation platform using React, spring Boot and SQLite, featuring topic-wise interview question, interactive quizzes, practice sessions, REST API integration, and progress tracking.

2. TrendPulse – Real-Time News Aggregation Platform | React, JavaScript, HTML, CSS, News API | GitHub

Jan 2026 – Mar 2026

- Developed and deployed a responsive React-based news aggregation platform with News API integration, featuring category filtering, keyword search, bookmarks, dark mode, breaking-news ticker, and regional language support.

3. UPSC Master Planner | Next.js, React, TypeScript, Tailwind CSS | GitHub | Live Demo |

Sep 2026 – Oct 2026

- Developed a comprehensive UPSC preparation platform using Next.js, React, TypeScript, and Tailwind CSS, featuring personalized study plans, syllabus tracking, PYQ practice, spaced repetition, current affairs integration, and progress analytics.

4. Government Scheme Information System | Java, Spring Boot, MySQL, HTML, CSS, JavaScript (In Progress)

- Developing a full-stack web application to search and filter government schemes based on state, category, and eligibility criteria.
- Building REST APIs using Spring Boot and integrating MySQL for scheme management, CRUD operations, and search/filter functionality.

5. Swift Ride – Ride Booking System | Core Java, OOP, Collections Framework, Exception Handling | GitHub

Jun 2026 – Jul 2026

- Developed a console-based ride-booking application supporting Bike, Auto, and Cab rides with dynamic fare calculation, rider/driver management, payment processing, custom exception handling, and safety/SOS functionality.

Certifications

- AWS Data Engineering Virtual Internship **--- AICTE and Edu Skills | 2024**
- Java Full Stack Development Virtual Internship --- **AICTE and Edu Skills | 2024**
- ServiceNow Certified Application Developer (CAD) --- **ServiceNow | Nov 2025**

Achievements & Activities

- Achieved up to 98–100% in Java, SQL, and technical assessments during full-stack development training.
- Secured **5th place** in the training performance ranking.
- **Earned Weekly Warrior and Expert Performer recognition** during technical training.
